During the summer of 1976, the River Forest High School cafeteria walls were decorated by arts and crafts teacher, David Backe. Lively sketches from contemporary food wrappers were painted in lively tones of red, blue, green, yellow, and orange.

The mural was one of many changes which took place after the reorganization of the Hobart Township Schools in 1975. It was symbolic of them in that it developed an existing structure.

Some students were displeased by some changes. Those designed to improve the quality of education presented more difficult requirements. Some felt that it should be easier to obtain a high school diploma. Others believed that the new standards would give RF graduates a better chance to succeed.

Almost every student had some kind of extra activity. Sports were popular, ranging from football to tennis and cross country.

Teachers devoted many valuable hours to make these sports happen. For their efforts, they were rewarded with satisfaction and a little extra money.

At number 1 doubles, Jim Lightfoot and Dan Hodge had a successful 13-7 record. Here Jim returned a shot from a Gary Roosevelt opponent.

Seniors won first place in the float competition.

Juniors - 3rd

Sophomores - 4th

Freshmen - 2nd

On September 24, River Forest students gathered together the class floats for a parade. This was the start of the annual Homecoming events.

The varsity later hosted the Griffith Panthers in a 52-6 loss.

Cindy Gurley was escorted by Greg Bellows.

Members of the court were Linda Henley, Bill Patterson, Susan Stover, Aaron Garner, Cindy Gurley, Greg Bellows, Alice Addison, John

Alan Cochran was named Mr. Football.

Pat Shepherd cleaned up in home economics.

Val Morris figured the measurements for a dado.

New students learn old skills

Mr. Hurey demonstrated to Dick Riffle and Doug Gallian how to make a circuit.

Art was a favorite pastime for most students, creating just about anything in any one of the various art courses. Louise Schuler (L), stroked water colors into a still-life design for Art II.

Keith Board removed what was left of a door frame in carpentry class.

Mr. Baldwin instructed Roger Deutscher about rewiring an engine.

Mr. Tippet and Mr Paul Komisarcili, Tech placement advisor, looked at the Picasso replica at Tech.

Voluntary practices at 7:00 a.m. improved the band. It was common for the band and choir to work together in producing an assembly. The first of these was the Veteran's Day Assembly, (pg. 14, middle and bottom).

The band was joined by a newly formed Majorette Squad, (pg.14, top), which performed during football games. (photos by Tom Shuler)

More than 40 juniors and seniors attended Gary Vocational School. Courses included auto mechanics and welding. These students were getting a head start on things they wanted to do after graduation. (photos by Rick Adkisson)

Phil Poderecca and Jeff Pendleton decided to purchase a ring from the Mr. Bell. (photo by David Cooper)

The highlight of the year for the sophomores was the receiving of their class rings.

Rings came in two styles. A rounded class ring type or a square school ring.

Students had the choice of metal, stone, emblem, and a variety of other choices in style.

King Arthur (Jamie Estill) was brought in after Lancelot knocked him off his horse.

Mr. Rex Brown upheld his reputation for producing great musicals with his presentation of "Camelot."

Mordred (Johnny Cox), while looking for his aunt, entered the enchanted forest and came across the bewitched animals.

Arthur inducted five new knights into the Grand Hall.

Pellinore (Ray Leitch) and his dog, Horrid, came to Camelot after 18 years of searching for the beast.

Pop! Slish! Dunk! Basketball was there for anyone to play. Gym class, at lunch, intramurals, or maybe more organized like freshman basketball (above left), or girls basketball. Even the teachers had their chance in the annual Junior High vs. High School faculty game. The junior high reigned with an 81 to 66 victory.

The golf team set a new school record by playing a 12-4 season. John Wojnaroski, a four year letterman, had the lead score by setting a school record of 39.7 stroke average. The team, under the direction of Coach Slater, has had a 3 year winning record.

The girls' track team had an outstanding season. They set a season record, 13-2, and six school records in the 100, 220, 440, 880 yard medley relay, softball throw, and long jump. Eleven girls qualified for sectionals, and two girls qualified for the regionals.

The boys' track team had a good season with winning 6 of their 8 meets. Mark Porlier was the only one with an undefeated season on the high jump. Six track members qualified for sectionals.

The varsity, j.v., and freshman baseball teams all had a losing season. The varsity record was 5-12 with Mike Coin and Dewey Tabla as the leading pitchers. The j.v. record was 4-7 with Bart Bartolini as the leading hitter. The freshman record was 1-5 with Bob Trezak as the leading hitter.

The All-American Redheads played the River Forest coaches in a game of basketball. The coaches won 84-80.

River Forest's special ed basketball team came in 3rd at the State Tourney sponsored by the local school district and the Northwest Special Ed Cooperative. The tourney was held April 15, 16 at Michigan City Rodgers High School. 48 teams from five states participated.

Wanda Wright, Michelle Butala, and Clara Escablizeta drank pop to comfort their throats after a hard day's work.

Donna Hutnick and Bryan Banks were among the many couples who attended the prom. (photos by ROOT)

About 36 couples went to the Junior-Senior Prom, entitled "Stairway to Heaven." Held at the Howard Johnson's in Portage, on May 21, the music was from the band, "Spice," and it lasted from 8 till 11 p.m.

Junior Wojas and Becky Irizarry took a few minutes out from dancing to relax and enjoy.

Art was one of the more interesting courses at R.F. In Art I, students explored the art media and learned how to weave, sculpture, and draw. Art II studied the media and artists, used water colors, and made silkscreens. Advanced Art studied the creative media and made jewelry and etchings. There were 28 outstanding students enrolled in art this year.

In the fall of '73, they curiously roamed the halls trying eagerly to find out about this so-called high school they had so long heard about. After occasionally strolling into wrong classrooms and being laughed at by seniors, they found themselves sneaking to the Junior High every now and then to lift up their confidence.

Soon, they were sophomores. Although they no longer were ridiculed by the upper classmen, they still moaned at the thought of two more years to go.

Suddenly, they were juniors. They finally began to enjoy a new type of freedom and responsibility, and they started thinking of their futures. They began to grow up.

Finally, the day came-- they became seniors. How long they had waited for this day. It was hard to believe that they had finally arrived. As they looked back over the three years, they realized what their parents had meant in saying, "These are the happiest days of your life."

May 23, 1977. They had worked four years preparing for this hour. As the names were called to receive diplomas, they thought that they had left something behind. Perhaps there was still time, but, no, the passport to a new beginning was in their possession, and the door behind them was closing on the old beginnings. They realized that life is a road of no return. They had come a long way, but they would start a much longer and harder one. Already the door ahead was opening. As they walked through it, they carried only the memories of their high school days.

Having donned their caps and gowns, and having kissed their lockers farewell, they presented themselves to the world and hoped it would be glad to receive them.

A highlight of the year was the Ed Faidherbe benefit night.

High School is a waste of time . . .

. . . unless you find a job that turns you on and makes good use of your education. Inland Steel wants only people who want to use everything they've learned in high school--and strongly desire to grow personally and in their chosen field.

Inland's future growth depends on the creativity and productivity of its people. If you want a really challenging opportunity to contribute--with the rewards and responsibilities that go with it--Inland wants to talk to you.

We need action-seeking graduates for opportunities in clerical . . . production . . . technical . . . and craft apprenticeship areas.

Think it over. If you have high aspirations and a good high school record, take time to find out about a career with us.

RFHS will expand industrial education and cafeteria areas

by Gerald Hapurich

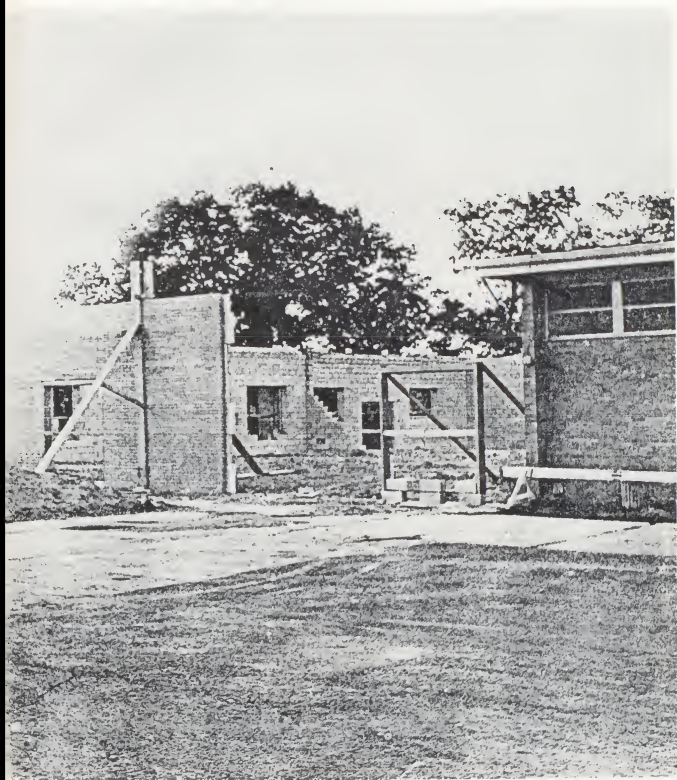

Mr. Marszalek announced that River Forest will receive a \$745,081 grant from the Department of Commerce and Economic Development Administration. Federal grants were made to areas with high unemployment (10 percent in the case of our area). The grant will be used to improve the industrial education and cafeteria facilities.

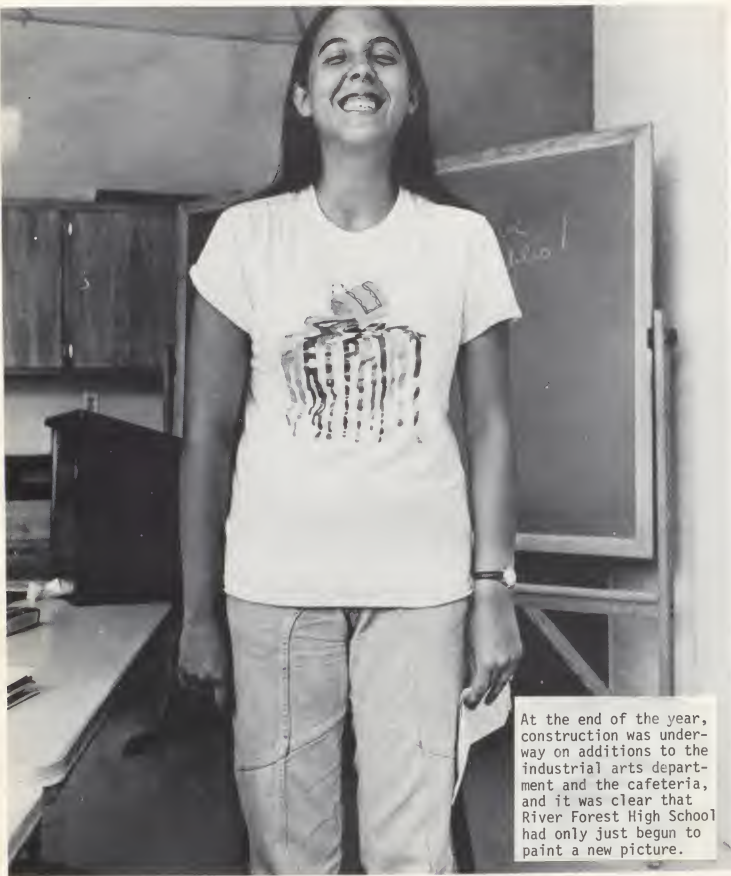

A list of improvements includes: new power mechanics, machine and welding shops. The metals, drafting, and wood shop areas are to be enlarged. The cafeteria will be turned into a student commons area. It will be carpeted and tables will be added where students can eat. A new cafeteria will also be added.

By providing more and better industrial education; it is hoped that graduates of River Forest will be able to find better jobs.

June 17, 1977

At the end of the year, construction was underway on additions to the industrial arts department and the cafeteria, and it was clear that River Forest High School had only just begun to paint a new picture.
